

How it Started:

Team Kids LemonAID was created after Hurricane Katrina as a vehicle for kids to show their support for the kids in New Orleans. The first Team Kids LemonAID Project mobilized 1,200 kids, to host 220 home made LemonAID stands, and raised \$11,700 for victims in New Orleans. Since Katrina, LemonAID was hosted following the Wildfires in California, the Earthquake in Haiti, and over MLK Day of Service.

Team Kids
Empowering America's Future

An easy, fun way for kids to help others.

Power up.

“It’s so inspiring to see the unbridled enthusiasm the kids have to serve and to know they are helping others.”

-Julie Hudash

Team Kids Founder and CEO

In 2011, over \$41,000 was raised through Team Kids LemonAID stands across the nation.

Team Kids LemonAID Stand Project

The LemonAID Stand Project is a kid-run project that is held twice a year, in the winter over MLK Day weekend, in the summer for Independence Day weekend. Team Kids LemonAID is also held in response to major disaster such as Katrina, California Wildfires, Haiti or Japan Tsunami. The LemonAID Project is a community and nationwide event hosted entirely by kids, with 100% of proceeds going to an organization - other than Team Kids. Since Hurricane Katrina, in 2005, kids have raised and donated more than \$84,000 in cash through selling LemonAID to charities.

Team Kids LemonAID Store

The LemonAID store is held at various community events. The store is run by TK Staff and Team Kids Youth Council graduates, who are now in college, and proceeds come to Team Kids to support our youth programs in Irvine. Because Team Kids never charges anything to kids or schools to participate, and we give 100% of kid-generated funds to other charities, this is a way to help support our mission in our schools and community.

“It was a great experience for the boys!!!! They wanted to get as much money as possible and they knew that they wouldn’t be keeping a penny for themselves. Team Kids is really putting out a great message to kids that they can help the community too!”

--Lorraine Campanaro, Parent of Team Kids Member

Thanks again for the opportunity. Our third graders received the flyer at Santiago Hills Elementary School (in Irvine) and were excited to plan and carry out the event. It was their very first charity activity and they had lots of fun!
